

Final Thoughts

Your pathway home to love

Part of the beauty of living in these times is that we can not only access vast libraries of mystical wisdom, we can also connect with each other across space and time.

Thank Goodness for the wonders of technology that we can, with the click of a button, break through our aloneness, shatter our isolation and open to the wonderment of like-minded community and consciously informed spiritual practice.

I sincerely hope that Fierce Grace gave you the structure, wisdom, inspiration and sacred container to transform how you see, approach and relate to your shadows. I also hope that you now feel confident in using your shadow dancing tools. My last wish is that, in whatever way feels right for you, that we stay connected.

In the following pages, I have listed the resource and teachers that I love and adore, I also have links to my next two courses for you to explore.

Thankyou for joining Fierce Grace,
All my love
